MEMORANDUM FOR THE RECORD

SUBJECT: Miscellaneous BP/GR Items

25X1A

1. [] called 0800 to check on certain language in BUSY PILOT procedures paper. Since he had an outdated draft, requested latest version. I sent 10 April copy via LDX.

2. [] called 0830 for []
Asked if OK to use GIANT REACH portion of latest Mideast SR-71 mission in DIA Intsum--any restrictions. I checked with [] and [] then confirmed to [] that GIANT REACH OK for usual-normal handling and reporting for such missions. The key point is to keep that portion of the mission absolutely and totally separate from the BP aspect.
